

Dear Mrs. Wright,

July 22, 2013

Going to RYLA has been a life changing experience for me, and I loved every second of it. From sleeping in dorms, to meeting people from across the state, all the way through all the activities we did, everything was amazing. This was projected to us students as a leadership summit that focused on building leadership skills amongst those of us who wished to be leaders some day, and that is exactly what it did. No matter what your weaknesses were, nor what your strengths were, this camp covered it all and touched upon all the aspects of what it means to truly be a great leader.

I have been to some other leadership camps before, and they have been great, but RYLA was by far the best. I felt like it focused more on me and my skills directly than those other camps. I was extremely satisfied, because my weakest skill, public speaking, grew greatly through the activities that we did. I loved it and it was a great experience. I had a great councilor, and the rest of the staff were all very polite, which only made the time their all the better.

Sincerely,
Tyler Kirkland
